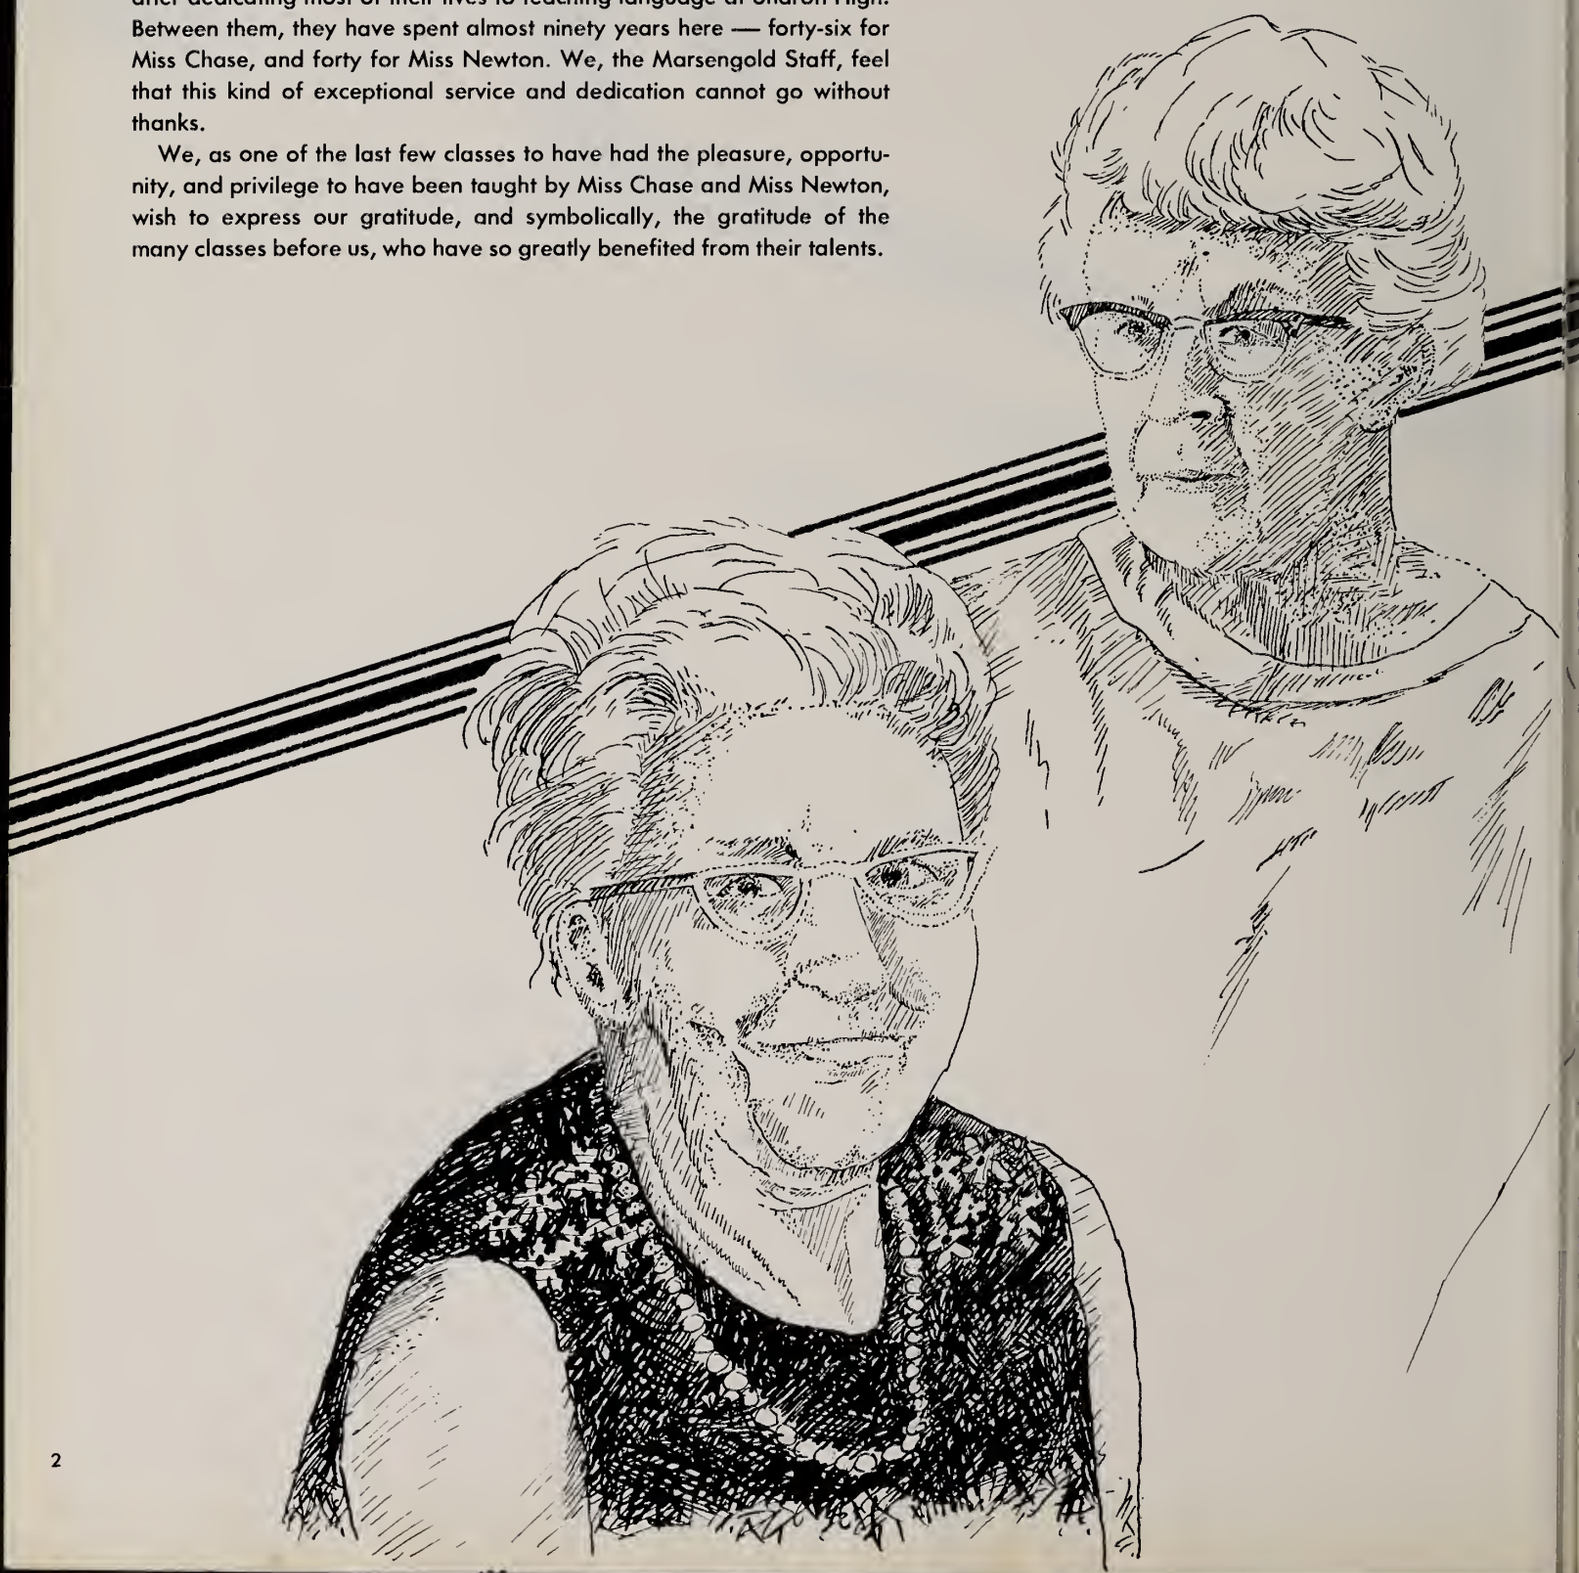
APPRECIATION AND.....

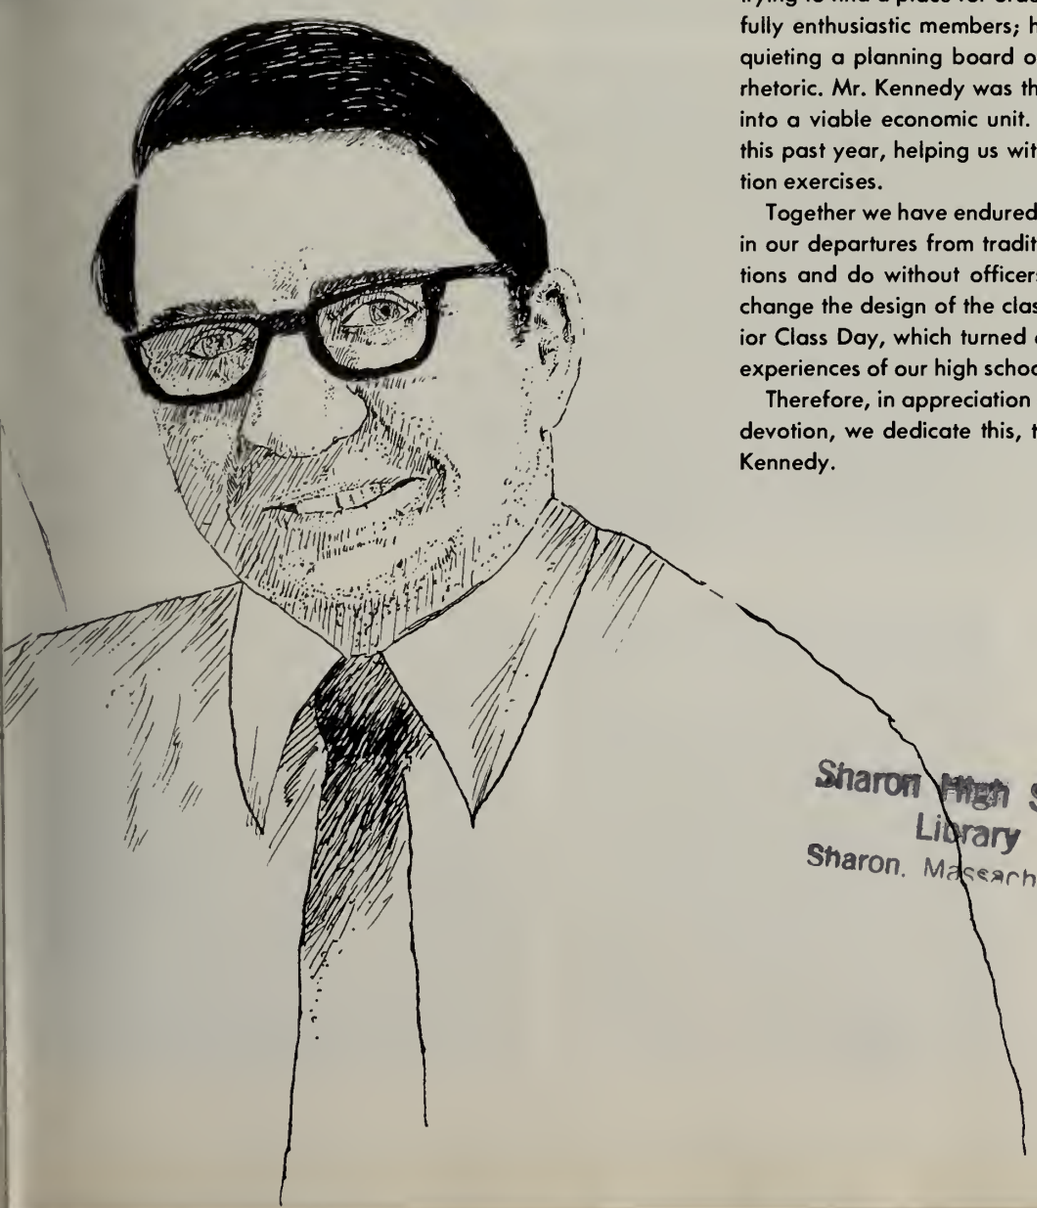
In every school there are good teachers, but the truly outstanding are quite rare. We, at Sharon High, are lucky enough to have been blessed with two of the truly outstanding.

Miss Dorothy Chase and Miss Dorris Newton have both recently retired after dedicating most of their lives to teaching language at Sharon High. Between them, they have spent almost ninety years here — forty-six for Miss Chase, and forty for Miss Newton. We, the Marsengold Staff, feel that this kind of exceptional service and dedication cannot go without thanks.

We, as one of the last few classes to have had the pleasure, opportunity, and privilege to have been taught by Miss Chase and Miss Newton, wish to express our gratitude, and symbolically, the gratitude of the many classes before us, who have so greatly benefited from their talents.



DEDICATION



Each year, as graduation approaches, the senior class reflects upon those events, those experiences, and more importantly, those individuals who have played a part in their years in high school.

Bearing this in mind, we wish to express our heartfelt gratitude to Mr. Richard Kennedy, our class advisor for the past four years.

He was with us in 1970, when we were freshmen, desperately trying to find a place for order in a planning board of fifteen youthfully enthusiastic members; he was with us in 1971, advising and quieting a planning board of sophomores caught up in their own rhetoric. Mr. Kennedy was there in 1972, helping us turn the class into a viable economic unit. He has been with us more than ever this past year, helping us with the Prom, Class Night, and graduation exercises.

Together we have endured the consequences of, and taken pride in our departures from tradition: a decision to withhold class elections and do without officers until our Junior year; a decision to change the design of the class rings; and a decision to have a Junior Class Day, which turned out to be one of the most memorable experiences of our high school years.

Therefore, in appreciation of his support, his enthusiasm, and his devotion, we dedicate this, the 1974 Marsengold, to Mr. Richard Kennedy.

VARIETY SHOW
1973

Do you olwoys hove to pick on *me*?

Whot o rip-off!! I even hove to corry my own books!!!

Mmm good, mmm good, thot's whot school lunches are, mmm good.

Don't laugh — it's taken me twelve yeors to get this for!!

Oh, get out of heo!

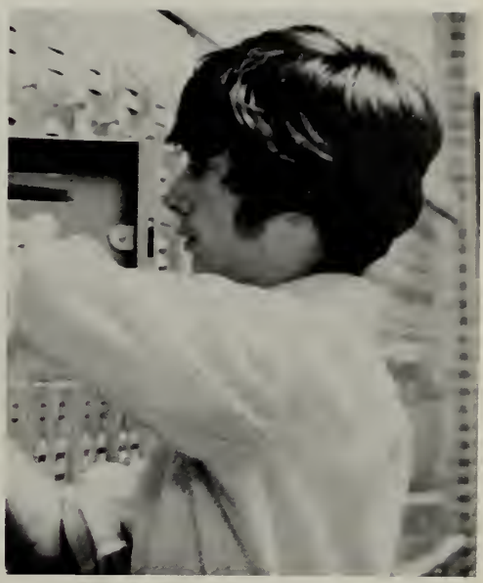
Every naw and then a man's mind is stretched by a new idea and never shrinks back ta its original prapartians.

Time aut far a little nap.

Mire esas pieinas!

THIS is what we have ta shaw far aur faur years af high schaal.

Hey Karen, that's nat fair. Why da I always have ta be the ane ta walk?



"But the children of tomorrow are the ones called by life, and they follow it with steady steps and heads high, they are the dawn of new frontiers, no smoke will veil their eyes and no jingle of chains will drown out their voices . . . "

—Kahlil Gibran—

"In such a fantastic and dangerous world — we will not find answers in old dogmas, by repeating outward slogans, or fighting on ancient battlegrounds against fading enemies long after the real struggle has moved on. We ourselves must change to master change. We must rethink all our old ideas and beliefs before they capture and destroy us . . .

America must look to its young people, the children of this time of change. And we look especially to that privileged minority of educated men who are the students of America."

—Robert F. Kennedy—

When you are old and gray,
And full of sleep
And nodding by the fire,
Take down this book
And slowly read and dream
Of the soft look
Your eyes had once,
And of their shadows deep.
